Beginner's Programme: Ed & Lynnette take you through the basics of astronomy and give hands-on observing coaching for first-time star gazers.
Constellation Exploration: For observers with at least some experience. Guided exploration of several constellations in some depth, practice using your equipment, observe, compare & share in a group setting, and record your observations. **Deep-Sky Challenge:** For independent observers. See how many objects you can log on Friday. Discuss your observing strategy with the ASSA Deep-Sky Section director, and get evaluation & feedback on Saturday.

NOTE 1: There will be a communal braai only on Saturday.
 NOTE 2: This activity requires printed material. You can download the notes for free and print it yourself, or you can buy them from us.
 NOTE 3: You need to have the free "Loss of the Night" app installed on your Android GPS-enabled cellphone and tested at home before coming to the SSP. We'll e-mail further details when we receive your registration form.

NOTE 4: List the equipment you are bringing along.
